MEDLAND2020

Design of a future Common integrated land management scheme to protect natural resources in synergy with social and economical valorisation

Seeking for innovative tools and solutions for an efficient, sustainable and smart conservation and management of natural resources in the Mediterranean

MEDLAND2020 aims to **promote international cooperation towards an integrated land management scheme for the conservation of natural resources in the Mediterranean region:**

- Creating synergies and networking among MED projects, partners and end-users enlarging the transferring capacity of accomplished tools, models and good practices
- Identifying challenges and gaps for the sustainable management of natural resources in the Mediterranean basin in the context of Europe 2020 and the new MED programme
- Promoting the protection and valorisation of Mediterranean natural resources increasing the impact of territorial cooperation towards mainstream regional operational policies
- Contributing to the elaboration and the promotion of a shared vision by Mediterranean peoples about their woodlands

4 thematic axis 13 MED projects and 14 partners of 8 countries

THEMATIC AXIS:

- Integrated management of natural protected areas
- Natural risks management and vulnerability mitigation
- Social and economic valorisation of the territory & rural development
- Smart natural resources management, through innovation and new emerging markets promotion

MED PROJECTS:

QUALIGOUV	**Improving governance and quality of the forest management in Mediterranean protected areas**
2BPARKS	**Creative sustainable management, territorial compatible marketing and environmental education**
FORET MODELE	**Coordination of regional forest policies through a new territorial governance instrument: the "Model Forest"**
PROTECT	**An Integrated European Model to Protect the MEDiterranean Forests from Fire**
FORCLIMADAPT	**Adaptation of the Mediterranean forests to the climate change**
CYPFIRE	**Green barriers of Cypress Fire: an ecological and economical feasible solution to save the Mediterranean region 2010-2013**
MEDISS	**To reinforce the innovation capacities of savors and scents network on the Mediterranean territory**
SUSTEN	**(Sustainable Tourism Entrepreneurship Mechanism): Approaching Territorial Sustainability through Developing Tourism and Culture based Entrepreneurship**
RURURBAL	**European Charter for the territorial governance, through the peri urban food chain**
WOODE3	**Wood Energy Exploitation for Entrepreneurship**
SYLVAMED	**Mediterranean Forest for All**
PROFORBIOMED	**Promotion of residual forestry biomass in the Mediterranean basin**
OSDDT	**Land occupation and sustainable development of the southern Mediterranean**

MEDLAND2020 PARTNERS:

FOREST SCIENCES CENTRE OF CATALONIA - CTFC (SPAIN)	PLANT PROTECTION INTITUTE – IPP (ITALY)
MEDITERRANEAN AGRONOMIC INSTITUTE OF CHANIA - CIHEAM (GREECE)	REGIONAL CENTER OF PRIVATE FORESTRY OF PROVENCE ALPES CÔTE D'AZUR - CRPF-PACA (FRANCE)
PROVINCE OF TURIN (ITALY)	INTERNATIONAL ASSOCIATION FOR MEDITERRANEAN FORESTS – AIFM (FRANCE)
PROVINCE OF MACERATA (ITALY)	EUROPEAN UNIVERSITY OF FRAGANCES AND FLAVOURS – UESS (FRANCE)

Coordinator
↕
Steering Committee
↕
Partners

Consultancy and Dissemination Panel
ARCMED, EFIMED, GIZ, JRC, Plan Bleu, SILVAMED-FAO, IUCN MED, …

Panel of Experts from Mediterranean Southern Countries: ALGERIA, MOROCCO, LEBANON, SYRIA, TUNISIA and TURKEY

Forum of Interested Actors and end users

Calendar of activities and main MEDLAND2020 results

Activities

- Initial Seminar (Solsona, Spain. 6-8th November 2013)
- Workshop Axis 1+2 (Italy, 17 -19th March 2014)
- Reg. Workshop Axis 3+4 (Greece, 26 – 28th May 2014)
- Final Conference (Marseille, 18th September 2014) → Final Report (Brussels, October 2014, tbc*)

* (to be confirmed)

Partial results and MEDLAND2020 deliverables

- MED projects know-how and outputs expertise: General discussion
- Initial Seminar conclusions
- MED projects know-how and outputs expertise: Specific discussion by axis
- Common Integrated Land Management Scheme
- Database and Network of expertise and operational tools
- E-book of Best Practices and Recomendations
- Final Conference conclusions
- Policy Brief Edition
- Final Report conclusions

Lead Partner: Forest Sciences Centre of Catalonia (CTFC) - **Calendar:** 01-07-2013 to 31-12-2014 (18 month) - **Total budget:** 1.082.592€ - **Programme/Call:** Programme MED. European Territorial Cooperation 2007-2013. First Call for Capitalisation Projects
